Come to see the New Wonder Maxwell Touring Car

1917 Model.

33 horse power engine, self starter, electric lights, demountable rims and all other modern improvements

Starting on the 22nd of last November the Maxwell car was put to a test run in Southern California and for forty-two days and nights the Maxwell was kept at its task and up until January the 5th the car was still running in perfect condition the men in charge decided that the car had already shown it was the best on the market for endurance so it was stopped at noon on this date and a great cheer arose when Mayor Sebastian of San Francisco announced that the car had run 22,023 miles without stopping the motor. What better evidence could you wish for endurance.

YOUR MONEY GONE UP IN SMOKE

We are going to close up shop when the time comes that we cannot look you in the face and say, "There's Honest Values and Honest Prices." Our large line of Cole's Heating Stoves is not only attractive but will save you one-third your fuel bill.

Don't Be Confused

by the many attempts to imitate Cole's Hot Blast Economy, such as ring drafts, slotted firepots, etc., which fail in the one essential of Cole's air-tight construction, which is the underlying necessity upon which all gas burning economy is dependent. The test that proves economy is the even, steady gas burning heat given off day and night by

Cole's Original Hot Blast Heater

10,000 feet of illuminating gas saved by Cole's Fuel-Saving, Hot Blast combustion from every ton of soft coal—wasted by all other stoves.

The up and down heat of all other heaters disproves all their claims of economy.

Cole's Original Hot Blast is guaranteed to give even,

steady heat day and night.

It burns any fuel—soft coal, hard coal or wood.

Come in and see this heater today.

Look for the name "Cole's" on feed door. None genuine without it

"OLDER BOYS' CONFERENCE."

Great Y. M. C. A. Gathering to Be Held at College Dec. 1, 2 and 3.

Final plans for the Older Boys' Conference to be held at A. and M. College December 1, 2 and 3, are being made by the state executive committee of the Y. M. C. A., directly in charge of the conference. An attendance of at least 650 boys of high school age is expected for the coming conference, according to L. A. Coulter, state secretary, who has been at the college in conference with President Bizzell.

The first of these conferences was held last year at the University of Texas at Austin. At that time there were 460 boys present. It is confidently expected that this year's attendance will far exceed that number. In last year's meeting fifty-six Texas towns were represented.

A program consisting of platform lectures by leaders in religious and educational circles will be carried out. The A. and M. College will stage some especial entertainment stunts for the visitors also.

The boys will be cared for in the college dormitories and at the mess hall and in that manner will come in direct contact with the students. The annual meeting of the Intercollegiate Y. M. C. A. was held at the college year before last and the success of that meeting was largely the cause of the boys' conference being held at A.

INTERURBAN WORK PROGRESSING.

The work on the track of the Bryan & College Interurban on College avenue is progressing nicely. The track has been put in place all the way out this street and a large crew of men is now busy leveling same up and putting it on a grade line, and when this is completed the work of ballasting same will begin. A very fine grade of gravel from Millican will be used in this work and when it is completed the track will have a good foundation. The work of paving under the track where it turns from 27th street onto College avenue will begin Monday morning. This piece of track will be fixed like it was where it crosses 25th street by the passenger station.

BRYAN HIGH SCHOOL WHIPS NAVASOTA

Home Team Gives Navasota High School Boys Drubbing to the Tune of 21 to 0.

Football for the 1916 season with the Bryan High School was opened yesterday afternoon on the athletic field of the Bryan Baptist Academy. The home team was playing the Navasota High School team.

The Bryan boys are well organized and are going to make a record this season of which they will be proud.

The game yesterday afternoon was a spectacular one from many points of view. The home team played all kinds

of football and was very successful with the forward pass, making several complete passes for long gains. The back field showed up very fine when it came to making end runs. The line was especially strong and was invincible for the visitors. Of the three touchdowns yesterday Powers made two and Cloud one and young Scardina kicked all three goals in an easy manner. Scardino, whose position is right end, was easily the star in yesterday's game. His accuracy in throwing the ball for a pass was good and his kicking was better. The entire team showed up well and each and every man deserves special mention.

The final score was 21 to 0.

The officials for the game were: Referee, Marshall Bullock; umpire, Hone of Navasota; head linesman, Prof. Bethany.
